About Peno Events

We are Safe, Clean, Reliable, Stylish & Human Centered

From making sure our tents, décor, and chairs are clean, safe, and stylish, to ensuring that they are reliable and available when you need them, everything Peno Events does is for you.

Our story is rooted in 2016. After realizing that many event management companies in Uganda consistently delivered unhygienic tents to clients, promised one tent and delivered a different one, or failed to deliver altogether, we saw a huge gap in the Ugandan event management space and chose to create a solution to fill it, and thus, Peno Events Uganda was born.

Our purpose at Peno Events is to offer event management services and products in Uganda that prioritize personalization and client satisfaction through safe, reliable, stylish, and professional event hire services, including tents, décor, and chairs.
